

### **737- Quantitative Research Methods: Instructions for Registering for the Residential**

Students who are attending any of the residential courses in the greater Lawrence area are welcomed and encouraged to attend the residential for Quantitative Research Methods, offered by David and Monika Eichler. If interested in attending, send an email registration to David Eichler at [david4847@sbcglobal.net](mailto:david4847@sbcglobal.net). Include your:

- name,
- phone number,
- status as a Holo student,
- and the intended semester in which you plan to enroll in the Quantitative Research Methods course.

Directions to the Eichler home, where the residential is held, will be emailed once the email registration is received. There is a nominal fee for attending, which includes lunch and snacks.

### **727- History of Science: Instructions for Registering for the Residential**

Students who are attending any of the residential courses in the greater Lawrence area are welcomed and encouraged to attend the residential for History of Science, offered by Berney Williams. If interested in attending, send an email of registration to Berney Williams at [berneyw@ku.edu](mailto:berneyw@ku.edu). Include your:

- name,
- phone number,
- status as a Holo student,
- and the intended semester in which you plan to enroll in the History of Science course.

Directions to the meeting place where the residential will be held, will be emailed a week before the meeting.
